By: Brent Willis

On September 24, 2016, a huge factor to the Miami Marlins success has passed away. Jose Fernandez was on his boat along with two friends were speeding and crashed into a rock. His team the Miami Marlins had cancelled their game that night due to his death. The team instantly decided to retire his number. Their very next game all the players wore number 16 in memory of Jose. Jose

won N.L. Rookie of the Year in 2014. He was single with 1 kid. He didn't attend a college instead he was going to be signed as an international free agent for 1.2 million, but instead he did his senior year of high school and then got drafted by the Miami Marlins.

With Jose being dead it is known around the world like the bullet heard around the world. 8<sup>th</sup> grader

Brady Helka says, "It was a very sad and tragic because he was a good pitcher for Miami" He brought joy to the city and a tragic but ultimately death. Also 8<sup>th</sup> grader Lucas Cornett says, "They will finish very well without him, but their best pitcher is gone. The city of Miami will never forget not only their star player but a hero to the city."

## Lions Vs Bears Who Will Win?

---

By: Brady Helka

As the NFL season is just beginning teams are getting used to the new roster. So not everyone is in great shape, just like the Lions and the Bears. The question is, will the Lions beat the Bears or will they lose in shame. The Lions and the Bears are almost in the same shape, the Detroit Lions are 1-2 so they need to really step up their

game and fix things or nothing good is coming their way. On the other hand the Chicago Bears are doing even worse than the Lions with no wins. They are 0-3, they are one of a couple teams out there with no wins so they better get their act together. Some issues are communication and lack of abilities

Shumate students were asked questions about the games. Brent

Willis is a 8<sup>th</sup> grader at Shumate was asked do you think the Lions will beat the Bears and why? He said "yes because they're going to come back from their losing streak and win." There was a question that said do you think Matthew Stafford will lead the Lions to a victory and why? William Fort said "no because he always seems to lose the game for them in the 4<sup>th</sup> quarter." Tune in that close matchup on Sunday, October 2, at 1:00pm.

## Does Practice Really Make Perfect?

---

By: Katelyn Prisbylla

Is more challenging practices going to make these girls take home the win?

So far your girls Cross Country team can't quite grab the win from Woodhaven.

The last meet the girls came in a close second behind Woodhaven but still had an outstanding run. After three weeks of close competition Shumate Girls Varsity

trails by about twenty points behind the Woodhaven team. Let's go see what the girls had to say about Woodhaven stealing the win and how they will work hard to get it back.

A 7<sup>th</sup> grader named Elaina Westrick replied by saying, "In order to win we need to move up a couple places as individuals." Another 7<sup>th</sup> grade runner named Cecilia Phipps responded by

saying, "We have been practicing harder by doing on and off sprints and also stretching before and after we run." Support your cross country team this Saturday the 1<sup>st</sup> for Carlson Invitational at Lake Erie Metro Park running begins at 12:30. Also come to their next meet they are hosting at the Lake Erie Metro Park at 4:00.

6<sup>th</sup> grade Shumate runner, Jack Brinker was asked how he could move up in placing after his unbelievable time of 16:52 for the 2.3 mile course. Jack responded, "I will continue to improve as I continue Cross Country for years to come." Trailing Shumate on the scoreboard was Allen Park with 49 points and Woodhaven-Brownstown with 52 points. The

longer course seemed to be a stump for a few of the top runners, but still came up with a win. Shumate will head over to the Lake Erie Metropark next meet, hosted by the Carlson Marauders, listed as the Marauder Invite on Saturday, October 1<sup>st</sup>, come support your Shumate Seahawks as they soar to the finish line!

## Can They Beat Huron?

---

By: William Fort

Shumate's 8<sup>th</sup> grade football has had an interesting beginning to their season. Their record is now 2-1 because of their recent victory against Trenton. Coming back from there loss last week the Seahawks had an 8 to 6 win. They pulled forward to conceal the victory. Some stand out plays were made during the game, Ben Tjernlund had a run in touchdown that got Shumate tied up and the toe Gavin

Kongee made the kick that put Shumate in the lead. Jonah Carr had a nice run game giving Shumate a lot of yards to work with. Richard Kamin also had a fumble recovery that got us the ball back.

After the second half is when Shumate started to pull it together. That is when Shumate first scored and did not let them score. The offence was delivering good plays that made their

defense struggle. The defense on the other hand showed up to the second half and did not let them score again. Shumate plays Huron next week and Shumate student Ben Tjernlund said "I think we will win because we are dank" Shumate student Joe Calus was asked what he thought the score would be at the end of the game and he said "48-0 because they are trash." Come out to support your fellow Seahawks against Huron on Wednesday.

## Shumate Vs Huron

---

By: Richard Kamin

This Wednesday at the Huron football field are 7<sup>th</sup> grade boys are taking on the chiefs. At 4:30pm it will be 5\$ admission fee on October 5<sup>th</sup>. Most of their key players are injured like there first and seconder quarter backs Alex klim has a conscious. And

on defense they need to make sure that they stop the ball and cover the outside better and not let them get past the line of scrimmage.

After losing against Trenton 26 to nothing some players have high hopes for this upcoming game. One player named Dylan Fond said, "I think that we will do well

because there not that good this year." A teammate named Christian Grace said "I don't think that we will do well against them we don't have a very good team this year". And over all this season they need to get better on deafens and move the ball better on offense.

There are 47 students signed up at press time, and Shumate is hoping for at least 500. 7<sup>th</sup> grader Ricky Firsdon said, "I always sign up for these events because they're for a good cause, I'm happy to join." Other people don't even have any friends going. 8<sup>th</sup> grader Sidney Tolstyka joked, "I don't have any friends going because I don't have any friends." Also 8<sup>th</sup> grader Alyssa Koons also said that none of her friends are planning on attending, and neither is she. She has other commitments for that

day. Even though not many people are signed up yet, make sure you try to get your friends to go. It is a fun event for a great cause, it's like raising money for yourself. Wouldn't it be nice to have a laptop in each class?

## What Will Samsung Do?

---

By: Rachael Keller

Is Samsung going to come out with a new phone because Apple did? Over the years Apple still has more sales than Samsung. For Samsung 26 million have been sold around the world. But Samsung are nowhere near what Apple has sold. Apple has sold 74.5 million phones throughout the years. Apple phones are also

cheaper, the iPhone 7 is \$649 and galaxy 7 is \$670. The cost difference is \$21. Samsung is planning to come out with new phone between March and April.

Does Samsung need a new phone if Samsung comes out with a new phone "Samsung should add something like face time," said Jack Brinker in 6<sup>th</sup> grade. A lot of Shumate kids

think Samsung needs a new phone too, "I think Samsung needs to come out with a new phone because they recently had a recall on one of their phones and Samsung needs a backup plan," said both Tatum pepper and Cassie Katepp. Are we just throwing out technology or Is Samsung going to fix this problem?

On August 2<sup>nd</sup>, 2016 Abzû was released to the public on the gaming platform Steam for the PC. The game's gorgeous atmosphere and its peaceful interactions with the surrounding aquatic animals makes the experience well worth

it. You'll learn about creatures you didn't even know existed and a story that will warm your heart. Even without any speaking, Abzû is able to tell a terrific story.

Abzû was in development for two years, originally there was going to be talking in Abzû. But, that was soon changed because the creators wanted the game to have the same experience as Journey did. The name Abzû comes from the ancient words "Ab" meaning

'Ocean' and "Zu" meaning 'To Know'. Nevaeh King, a student here at Shumate, said "I think it's a magnificent view for any Artist to like. They can get new ideas and inspiration from the games environment". The characters in Abzû vary from prehistoric life forms to robotic organisms. By: Brooke Zdankiewicz

It's the fourth week of school and the Shumate Volleyball girls have played a total of five teams. The record at this point is 3-2 for 8<sup>th</sup> grade and 4-1 for the 7<sup>th</sup>. The girls have recently played a home game against Allen Park and that game was the best game of the season. excellent standouts.

things to work on but doesn't every team, my team need to talk a lot more and also we need to

## Trying to Save the PS Vita

---

By: Haley Krueger

As we all know, the PS Vita, isn't as huge as sales as people think they should be. But, should they really sell more? Some people believe it's a great product, but came out later than it should have. But that doesn't stop the company from making new titles such as "*World of Final Fantasy*" or "*God Eater2: Rage Burst*" But it's still not making the money that the company needs, like play portable versions of the games we love on

the PS4 . But, as I said before, people believe that it's a nice machine, but they believe the company released it too late.

I believe that it's a great system but it was realized to late, and that it maybe it needs a few fea-

tures to differ from other consoles. Heaven Gaydos, an 8<sup>th</sup> grader was asked what she thinks about Sony trying to save the system countless times by adding new games. She said "I think that they have tried countless times to make it better, but I think they could that they could add something that will give it an appeal and people will buy." What do you think of the system, should it be upgraded or changed?

chael Geiger made a 48 yard field goal and a 40 yard field goal to get them 6 points. However, this was not enough to even get back in the game. They were scoreless in the second half.

Let's see how Spartan Fans reacted to the game. A 7<sup>th</sup> Grader name Christian Grace said "I Like Michigan State but that

was a really good game from Wisconsin, they made the plays they needed to do. Also they had a couple of good run plays that got them some touchdowns. Michigan State did not have a good game."

## Last Tour For Selena

---

By: Taylor Martin

Could this possibly be the last tour we see from Selena? Selena Gomez's new announcement that she has put out during an interview with Billboard this year about the ending of her tour has caught everyone's attention. No one seems to understand why 24 year old, Pop singer from Grand Prairie, Texas has decided

to take a break right in the middle of her tour .

8<sup>th</sup> grader Uriko Gomez stated "I think she went on break because she was tired of all the rumors that are always being made about her". But, could Uriko end up being correct? Selena explained she was suffering from some "Side effects of Lupus"—

including "anxiety, panic attacks and depression" this type of disease needs to be addressed head-on, so this would mean Selena would not have a choice of rather she wanted to stay on tour or not. Do you think Selena will be on break for long or is she going to come back soon?
