Messages

- All Fields are required, please contact the school/child development site if you are missing any information.
- The information you enter for your student must match what the school has sent us.
- Student ID's should not have any leading zeroes, for example "00123" should be entered as "123".
- If your student's record is not found, try adding the middle initial without a period to the first name. Example: David J
- After you register your student(s), you can process a transaction in the Payments menu.
- The Student ID is typically not the same as the student's PIN.
- If your last name has an apostrophe, please try using a space instead of the punctuation mark. Example: O'Hara = O Hara.
