

5/19/2016

Dear Parent/Guardian:

I'm writing to let you know of an exciting opportunity coming to Carlson High School. Through a partnership with Monroe County Community College, CHS will be offering direct college courses next year. Direct college courses are courses that bring college classes to Carlson's campus providing the same instruction that students would receive in a dual enrollment scenario. Next year, we plan to offer the following classes:

CIS 150 – Computer Science I

ENGL 151 – English Composition I

HUMAN 151 – Introduction to Humanities

Additionally, we are working out the final details of adding an automotive class that would have some classes on Carlson's campus and some lab classes at Monroe Community College.

If your child is interested in participating in one of these courses for next year, he/she should sign up to take the Accuplacer test on Tuesday, May 24th at Carlson. Taking the Accuplacer test does not mean that a student is obligated to sign up for one of these college courses and also does not guarantee that the course will fit into their schedule. Sign-ups to take the Accuplacer are in the counseling office.

If you have any questions, please feel free to contact your child's counselor or me.

Thank you,

Jessica Shultz

Principal

Carlson High School
